EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with C. G. Mersereau on May 11, 2006.

The application has been amended as follows:

Section (d) of claim 25 has been rewritten as follows:

- (d) one or more container handling devices including at least one side loading container handling device wherein said side loading container handling device further contains a container lift and dump mechanism having a pair of spaced main arms outwardly flanked by a pair of link arms, said main arms being connected to be pivoted at a fixed end and journaled on a main arm common pin at a free end, said link arm being journaled to said lift and dump mechanism at a fixed end and journaled on a link arm common pin at a free end, said link arm common pin being located at a fixed offset from said main arm common pin and a container grabbing device having opposed arms mounted in fixed relation to said fixed offset of said pins such that in a lowered stored position said main arms and said link arms align to provide a narrow profile for emptying containers into said charging hopper;
